Connecting the iPad to Wi-Fi

Every time you access a different Wi-Fi Network, you need to follow these steps for web filtering:

1. Tap the **Settings** gear.

- 2. Tap **Wi-Fi** and choose your Wi-Fi network.
- 3. Enter your Wi-Fi Password and Tap Join.
- 4. You will notice a ✓ next to the network you are on. Exit settings by pressing the Home button.

- 5. Open **Safari.**
- 6. Go to Google.com
- 7. Search for **Romeo**. The www.Securly.com screen should come up. Securly is a web filter that will allow you to surf the web and use school apps.

Please Remember:

- Bring the iPad to school charged, every day.
- **DO NOT** put stickers on the iPad case.
- Keep the protective case on the iPad.
- Keep food and drink away from iPad.
